The 15th International Workshop Nets4cars Nets4trains Nets4aircraft 2024, held in the vibrant city of Bordeaux, France, will bring together leading experts from industry and academia to showcase the latest research and innovations in connected and automated transportation systems. This prestigious event will provide a unique platform for knowledge sharing, collaboration, and networking, shaping the future of transportation networks worldwide.

Focus Areas

The workshop will encompass various focus areas, including:

- **Connected and Automated Vehicles (CAVs):** Research and development of advanced technologies for CAVs, including sensors, communication systems, and data analytics.
- **Intelligent Transportation Systems (ITS):** Design and deployment of ITS solutions for improved traffic management, safety, and efficiency.
- **Transportation Networks:** Modeling, simulation, and optimization techniques for transportation networks, including traffic flow prediction, congestion mitigation, and route planning.
- **Cybersecurity and Privacy:** Addressing cybersecurity concerns and ensuring data privacy in connected and automated transportation systems.
- **Applications and Case Studies:** Real-world applications and case studies demonstrating the impact of connected and automated transportation systems on various sectors, such as logistics, public transportation, and emergency response.

Key Highlights

The workshop will feature a range of highlights, including:

- Keynote speeches from renowned experts in the field of transportation networks.
- Technical sessions with paper presentations and discussions on cutting-edge research and technologies.

- Interactive workshops and demonstrations showcasing practical applications and solutions.
- Networking opportunities to connect with industry leaders, researchers, and fellow professionals.
- Exhibition area showcasing the latest products and services from leading companies in the transportation industry.

Who Should Attend

The workshop is designed for professionals and researchers in the following areas:

- Automotive and transportation industries
- Academia and research institutions
- Government agencies and policymakers
- Infrastructure providers and operators
- Technology companies and startups

Venue and Dates

The 15th International Workshop Nets4cars Nets4trains Nets4aircraft 2024 will be held at the Palais des Congrès de Bordeaux from **June 10-12, 2024**.

Registration and Fees

Early bird registration is now open. To register and view the fees, please visit the official website: [insert website URL].

Call for Papers

Researchers are invited to submit original research papers for consideration. The deadline for submissions is **March 15, 2024**. For more information and submission guidelines, please visit the call for papers page: [insert website URL].

Accommodation

A list of recommended hotels near the venue can be found on the workshop website: [insert website URL].

Contact Information

For inquiries or additional information, please contact the workshop organizers at: [insert email address].

The 15th International Workshop Nets4cars Nets4trains Nets4aircraft 2024 Bordeaux promises to be an unforgettable event that will accelerate the development and deployment of connected and automated transportation systems. Join us in Bordeaux to shape the future of transportation and create a more sustainable, efficient, and connected world.
