The Genesis of a Heartfelt Mission

Fresh Start Family Romance Lancaster Courtships was born out of the compassion and unwavering belief of its founders, John and Emma Fisher. Having witnessed firsthand the devastating impact of broken families and failed relationships, they were determined to create a space where individuals could rediscover their worthiness, rebuild their self-esteem, and find genuine connections.

With a deep understanding of the complexities of human nature, the Fishers developed a holistic program that encompasses emotional healing, spiritual guidance, and practical relationship advice. They believed that true transformation could only occur when individuals were empowered to heal their wounds, reconnect with their inner selves, and cultivate healthy relationship patterns.

A Framework for Healing and Redemption

The Fresh Start Family Romance Lancaster Courtships program is designed to provide a structured and supportive framework for participants to embark on a journey of self-discovery and healing. It comprises three distinct phases:

Phase 1: Emotional Healing and Personal Transformation

This phase focuses on creating a safe and nurturing environment where participants can confront their past experiences, identify and grieve their losses, and release the emotional burdens that have been holding them back. Through individual therapy sessions, group workshops, and journaling exercises, participants delve deep into their own hearts, unraveling the complexities of their inner worlds.

Phase 2: Spiritual Growth and Rejuvenation

The program places great emphasis on the importance of spiritual growth as a catalyst for personal transformation. Participants engage in regular meditation practices, attend weekly church services, and participate in Bible study groups. Through these activities, they seek a deeper connection with their faith, find solace in their beliefs, and discover a renewed sense of purpose and meaning in life.

Phase 3: Guided Dating and Relationship Building

Once participants have undergone significant emotional healing and spiritual growth, they are introduced to the guided dating component of the program. With the support of experienced matchmakers, participants are carefully matched with potential partners who share similar values, goals, and aspirations.

Courtships are conducted in a structured setting, with clear guidelines and expectations. This allows participants to approach the dating process with intentionality, respect, and a genuine desire for connection. Through regular dates, conversations, and shared experiences, participants explore the possibility of building lasting and fulfilling relationships.

The Transformative Power of Love and Connection

The Fresh Start Family Romance Lancaster Courtships program is not merely a dating service. It is a comprehensive journey of personal transformation that empowers individuals to break free from the chains of their past and embrace the possibility of a brighter future.

Through the power of love and connection, participants discover their own worthiness, learn to forgive themselves and others, and cultivate healthy relationship patterns. They emerge from the program with a renewed sense of hope, confidence, and a deep appreciation for the transformative power of human connection.
