ADDM is a major international forum for researchers and practitioners to present their latest research results and exchange ideas in the areas of algorithms and discrete applied mathematics. The conference covers a wide range of topics, including:

* Algorithms and data structures * Combinatorics and graph theory * Optimization and approximation algorithms * Discrete geometry and computational geometry * Discrete optimization and integer programming * Algorithmic graph theory * Random algorithms and probabilistic analysis * Network algorithms * Computational biology * Computational finance * Operations research * Discrete applied mathematics in other fields

The ADDM 2024 conference proceedings will be published in the Lecture Notes in Computer Science (LNCS) series by Springer. The LNCS series is a prestigious series of books that publishes high-quality research results in computer science.

Important Dates

* Deadline for paper submissions: March 15, 2024 * Notification of acceptance: June 15, 2024 * Camera-ready papers due: July 15, 2024 * Conference dates: September 14-16, 2024

Submission Guidelines

Authors are invited to submit original research papers in all areas of algorithms and discrete applied mathematics. Papers should be submitted electronically in PDF format, using the online submission system.

Papers should be formatted according to the LNCS style guidelines. The page limit for regular papers is 12 pages, and the page limit for short papers is 6 pages.

Conference Program

The ADDM 2024 conference program will include invited talks, regular paper presentations, and short paper presentations. The conference will

also feature a poster session and a number of special events.

Registration

Registration for the ADDM 2024 conference will open in March 2024. The registration fee will include access to all conference sessions, the conference proceedings, and the conference banquet.

Accommodation

A number of hotels are located near the conference venue. Attendees are encouraged to book their accommodations early.
