Art Museums

Tokyo is home to some of the world's best art museums, including the Tokyo National Museum, the National Museum of Western Art, and the Mori Art Museum.

- The **Tokyo National Museum** is the largest museum in Japan, and it houses a vast collection of art and artifacts from all over the country. The museum's collection includes everything from ancient pottery to

contemporary paintings, and it is a great place to learn about the history of Japanese art.

- The **National Museum of Western Art** is home to a collection of over 4,000 Western artworks, including paintings, sculptures, and prints. The museum's collection includes works by some of the world's most famous artists, such as Monet, Picasso, and Van Gogh.
- The **Mori Art Museum** is a contemporary art museum located in the Roppongi Hills Mori Tower. The museum's collection includes works by both Japanese and international artists, and it is a great place to see the latest trends in contemporary art.

History Museums

Tokyo is also home to several excellent history museums, including the Edo-Tokyo Museum, the Tokyo Metropolitan Art Space, and the Shitamachi Museum.

- The **Edo-Tokyo Museum** tells the story of Tokyo's history from the Edo period (1603-1868) to the present day. The museum's collection includes a variety of artifacts and exhibits, such as old maps, prints, and photographs.
- The **Tokyo Metropolitan Art Space** is a museum that focuses on the history of Tokyo's art and culture. The museum's collection includes paintings, sculptures, and other works of art from all periods of Tokyo's history.
- The **Shitamachi Museum** is a museum that tells the story of Tokyo's traditional working-class neighborhoods. The museum's collection

includes a variety of artifacts and exhibits, such as old tools, clothing, and toys.

Science and Technology Museums

Tokyo is also home to several excellent science and technology museums, including the National Museum of Nature and Science, the Miraikan (National Museum of Emerging Science and Innovation), and the Tokyo Museum of Science.

- The **National Museum of Nature and Science** is Japan's largest natural history museum. The museum's collection includes over 24 million specimens, and it is a great place to learn about the natural world.
- The **Miraikan (National Museum of Emerging Science and Innovation)** is a museum that focuses on the latest advances in science and technology. The museum's exhibits include a variety of interactive displays, and it is a great place to learn about the future of science and technology.
- The **Tokyo Museum of Science** is a museum that focuses on the history of science and technology in Japan. The museum's collection includes a variety of artifacts and exhibits, such as old scientific instruments and machines.

Admission Fees and Hours of Operation

Admission fees and hours of operation vary from museum to museum. Please check the individual museum websites for more information.

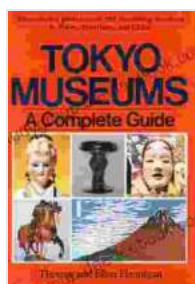

Getting to the Museums

Most of the museums in Tokyo are located in the city center, and they are easy to get to by public transportation. The Tokyo Metro and JR Yamanote Line are the most convenient ways to get around the city.

Planning Your Visit

When planning your visit to Tokyo, be sure to allow plenty of time to visit the museums. Most museums are open from 9am to 5pm, but some museums have extended hours on certain days of the week. It is also a good idea to purchase a museum pass if you plan on visiting multiple museums. The Tokyo Museum Pass gives you free admission to over 90 museums in Tokyo, and it is a great way to save money on your trip.

Tokyo is a city with a rich cultural heritage, and its museums are a great way to learn about the city's history, art, and science. With so many museums to choose from, you are sure to find something to interest you. So start planning your visit today, and discover the best museums in Tokyo!
